Qualifications Summary

Mr. Whitney is a registered architect with over 18 years experience in planning and architectural design.

Mr. Whitney has served as Project Architect, both designer and manager, for a wide variety of building types including educational, civic, office, research, and private housing, medical, and religious facilities. He has also had experience in developing master plans and feasibility studies for a wide variety of clients. Mr. Whitney maintains an interest in architectural education and often serves as a visiting critic at the College of Architecture at the University of Kentucky. From 1987 through 1992 he held the position of adjunct assistant professor in the College of Architecture.

Mr. Whitney was a Senior Associate at OMNI Architects where he worked for thirteen years. He then served as University Architect for Spalding University while operating a private practice as Whitney Architects. Mr. Whitney merged his firm with Jerry A. Taylor & Associates in 1997 to form Taylor•Whitney Architects.

At Taylor•Whitney Architects, Mr. Whitney is primarily involved in project design, management, and project programming.
